PVC Privacy Fence

NEXTWOOD Outdoor Products offers a variety of wood-alternative outdoor products, including fencing and decking. Its Fencing product line offers durability and beauty with easy maintenance – a perfect choice to suit your family's home.

OUTDOOR LIVING

NEXTWOOD Privacy Fence creates a private outdoor living room for great lifestyle and entertainment.

LESS WORK

NEXTWOOD's choice of material means long-lasting beauty with minimum maintenance.

STRENGTH & SAFETY

NEXTWOOD Privacy Fence is engineered for structural integrity and resistance against intrusion and environmental attacks.
LIFETIME WARRANTY

NEXTWOOD also backs all its vinyl products with a Lifetime Warranty. Shouldn't a fence last as long as the house it is protecting?

Privacy Fence System

Fence Panel - Maximum Size: 8'W x 6'H

EXCLUSIVE FEATURE: All rails are equipped with an exit channel to prevent water accumulation in the bottom rail.

Post Cap

Privacy Single Gate
FENCE COMPONENTS

5"x5" Post

7/8" x 6" T&G Picket
2"x7" Rail

End Spacer Cap

ANATOMY

7/8" x 6" Tongue and groove pickets interlock to create a strong joint to withstand the test of time.

End spacer cap ensures no gap where tongue and groove pickets meet the post. The unique shape design prevents the end cap from falling into the rail channel.

Rail locking tabs hold rails securely into the precisely routed post via a computer controlled routing machine. No use of screws to rust, weaken or become loose over time.

The 2"x7" Super-sized Privacy Rail is the most structurally sound in Ontario, and provides the perfect blend of elegance, strength and performance.
2" Deep pocket allows the picket to penetrate and overlap which provides greater strength and less chance for tongue and groove pickets to come out. At the same time, it allows greater racking and sloping ability of the fence section panel for a perfect installation.

Bottom rail reinforcement options, with added internal tabs to accommodate bottom rail reinforcement sections. The result is added support and rigidity.

Available Colours:

White

Clay
